About Us

At the core of our mission is a commitment to excellence. Through our deep industry expertise and unparalleled services, we strive to become the trusted partner of choice for all your industrial needs. Whether it's delivering innovative solutions, ensuring operational efficiency, or providing reliable support, we are dedicated to helping your business succeed.

Our focus on quality, integrity, and long - term relationships sets us apart in a competitive market, making us a dependable ally in your growth and success.

Impact Program

4 Steps to Higher Productivity

Tough competition, slowdowns, and constant innovation make it vital to review your production line often.

Improving CPC is the need of hour — and that's where we come in.

The I.M.P.A.C.T. Method

A proven, structured approach to boost manufacturing productivity without extra spend or production disruption.

Our Focus

- More output
- Lower costs
- Smooth operations

We bring solutions that work at the machine, operator, and organizational level.

We work with you to understand your needs and deliver solutions across 4 key areas of manufacturing productivity.

4 Core Steps of I.M.P.A.C.T.

STUDY

We analyze machine efficiency, cycle times, tools, and even metal working fluids — often the most overlooked but crucial factor.

PROPOSE

Based on findings, we suggest targeted solutions to boost productivity and reduce CPC.

VALIDATE

Solutions are tested with your production team, with a clear report for decision-making.

EXECUTE

Successful trials lead to a step-by-step implementation plan for lasting efficiency gains.

The I.M.P.A.C.T. Program = Smarter, faster, and more competitive production.

Our Products :

Carbide tools

Hydraulic oil filter cartridge

Round Carbide tools

Bag filtration systems

Our Products

Filtration Systems for Cutting Oil

- Compact Band Filter | Paper Band Filter | Tramp Oil Separation System | Bag Filtration System | Magnetic Separator | Sump Cleaner
- Bags for Bag Filter | Cutting Oil Filter Paper | Air Filter Cartridge | Oil Filter Cartridge
- Customise Cutting Oil & Coolant Filtration System upto 1 micron

Industrial Oil & Metal Working Fluid

- Hydraulic Oil | HLP | AW | Slideway Oil | Spindle Oil | Gear Oil
- Water Soluble Cutting Oil | Synthetic & Semi Synthetic Cutting Oil
- Neat Cutting Oil | EDM Oil | Stamping Oil | Grinding Oil
- Industrial Cleaners | Rust Preventive | Rust Removal | Paint Removal

Solid Carbide Tools

- End Mill | Reamer | Drills | Step Drills
- Ball Nose Cutters | Corner Radius Cutters | Grooving Tools Hole Mill

Industry 4.0 & IIoT Solutions

- CNC Machine Monitoring | CRM
 - Air Quality Monitoring & Management
 - Heating, Ventilation and Air Conditioning (HVAC) | Indoor Air Quality Monitoring | Weather Monitoring Station | Stack Emission Monitoring
 - Water Monitoring & Management
 - Tank Level Monitoring & Controlling | STP Water Quality Monitoring Controlling | Flow Meter Monitoring
 - Energy Monitoring & Management
 - Energy Meters | Equipment Monitoring Controlling
-
